### THE EXODUS - PART 2

### WHAT WENT WRONG?

JANUARY 10

ALLAN FULLER

GENESIS 1:1-31, GENESIS 3:1-21

God is the creator and designer of the Whole Shebang. What he made was intentionally “good” – not perfect. What he made was an unfinished story that he has invited us to participate in. But with this freedom to participate comes the freedom to make mistakes. But fortunately... God had a redemptive plan from the very beginning.

### ASK QUESTIONS:

- Do you believe in seven literal days of creation? How do you feel about persons who believe differently than you regarding creation?
- Did God know that humanity would “fall”?
- Have you ever felt like you were part of God’s story? If so, explain.
- The devil is a liar. What lie do you think he’s working overtime to make you believe?
